

CONSERVATIVE ALUMNI

Conservative Alumni is an organisation within the Conservative Party which aims to bring together people who have previously served the Party as professionals, elected representatives or as senior volunteers, but who are no longer working for the Party in that capacity or whose terms of office have finished.

Conservative Alumni seeks to recognise their outstanding service and to find a continuing role within the Party in a mutually agreeable way. The skill set and knowledge of the membership hopes to become a valuable resource to the Party.

Each member receives invitations to events, receptions, e-bulletins, party activity and policy development.

The Prime Minister has endorsed the Alumni and is its Patron.

The main focus of the Alumni is helping with the 40/40 seat campaign.

We have a National Network in place.
